----	-----------	-----------------	------------	---------------	----------

Ask yourself the question **several times** and write down as many things as you can. You may also ask, "*What can one learn or conclude from the Scripture I wrote down?*" (If you need help, read the verse in another translation.)

**RESPOND** and apply what God is saying to you or showing you in his Word.

a. Write down what you will do, change, or pray about from what you are focusing on in the passage.

**b.** Being specific and honest, write out your prayer from what you are focusing on in the passage.

c. Pray the prayer that you wrote above.

**FOLLOW THROUGH** on the Scripture you focused on [typically 10 to 15 minutes, **two or more times** in the next several days]. Proverbs 4:7b in the Voice Bible says: *Now, whatever else you do, follow through to understanding.* 

To follow through on the Scripture you focused on, do the following:

1) Do the *Remember* and *Pray* sections on the PTGW Preparation page.

2) Mark the follow through date in the space provided on side 1 of this guide, then read the passage again.

3) Read what you wrote in both the FOCUS and RESPOND sections above, writing down any additional thoughts.

4) Conclude by praying the prayer you wrote in the RESPOND section.
