Risk

Risks can come from various sources including uncertainty in international markets, political instability, threats from project failures (at any phase in design, development, production, or sustaining of life-cycles), legal liabilities, credit risk, accidents, natural causes and disasters, deliberate attack from an adversary, or events of uncertain or unpredictable root-cause.

Risk taking is any consciously or non-consciously controlled behaviour with a perceived uncertainty about its outcome, and/or about its possible benefits or costs for the physical, economic or psycho-social well-being of oneself or others.

Esther 4:13-16 JPS

¹³ Mordecai had this message delivered to Esther: “Do not imagine that you of all the Jews, will escape with your life by being in the king’s palace. ¹⁴ On the contrary, if you keep silence in this crisis, relief and deliverance will come to the Jews from another quarter, while you and your father’s house will perish. Perhaps you have attained to a royal position for just such a crisis.”

¹⁵ Then Esther sent back this answer to Mordecai: ¹⁶ “Go, assemble all the Jews who live in Shushan, and fast in my behalf; do not eat nor drink for three days, night or day. I and my maidens will observe the same fast. Then I shall go to the king, though it is contrary to the law; and if I am to perish, I shall perish!”
